

RoHS - Declaration of Conformity
REACH - Declaration of Conformity

Ellwangen, 30.11.2023

RoHS Compliance 2011/65/EU and Directive 2015/863/EU of the European Parliament

The European Directive 2011/65/EU regulates requirements for pollutants in electrical and electronic devices. Accordingly, no articles may be imported into or traded within the European Community that do not comply with these requirements. We confirm, based on the information provided by our suppliers, compliance with the RoHS Directive according to 2011/65/EU. As far as we are aware, there are no official certificates for RoHS compliance. The following elements are either not present or only present in very low quantities (0.1%, 0.01% for cadmium by weight percent based on homogeneous materials).

- Lead
- Cadmium
- Hexavalent Chromium
- Polybrominated Biphenyls (PBB)
- Polybrominated Diphenyl Ethers (PBDE)
- Mercury

Additionally, we comply with Directive 2015/863/EU and, therefore, adhere to the updated changes to Annex II regarding the limits of added plasticizers. The following elements are either not present or only present in very low quantities (0.1%).

- Bis(2-ethylhexyl)phthalat (DEHP)
- Butylbenzylphthalat (BBP)
- Dibutylphthalat (DBP)
- Diisobutylphthalat (DIBP)

Exceptions are exclusively materials traceable to customer specifications. Any changes are not covered by this letter. If you have any further questions, please contact us via the contact details provided.

Declaration of Conformity to REACH

REACH - European Regulation on the Registration, Evaluation, Authorization, and Restriction of Chemicals (Regulation (EC) No. 1907/2006)." In accordance with the REACH Regulation, as a manufacturer of sheet metal components, we hold the status of a downstream user. This means that we rely on information from our suppliers and issue our declaration of conformity based on the information provided to us.

REACH Declaration of Conformity:

1. All products we supply to you comply with the obligations arising from the REACH Regulation.
2. None of the products, to the best of our current knowledge, contain chemicals identified as Substances of Very High Concern (SVHC) in concentrations exceeding 0.1%, as listed in the constantly updated Candidate List by the EU (ECHA List).
3. We neither import nor purchase any substances listed as SVHC. Furthermore, none of the SVHC-listed substances are intentionally released in our products.
